

## Expand your knowledge of Geography and Geology

If you are interested in studying Geography or Geology at degree level you may want to investigate them further to extend your knowledge in preparation for applying and interviews. The following resources will help with this.

### Podcasts

[Isn't That Spatial](#)  
[80 Days](#)  
[Geology on the Rocks](#)  
[The Geological Society](#)

### Webinars

[iPlayer Coast](#)

### Geography and Geology Resources

#### [Time for Geography](#)

Time for Geography brings together geographers, film-makers and educators with experience across the spectrum of geography to work together to produce the best possible educational content.

#### [University of Oxford, School of Geography and the Environment](#)

The School of Geography has lots of news and details of research projects.

#### [Micro My Earth](#)

This website provides geoscientists and those interested in earth sciences a portal to find everything they need.

#### [British Geological Survey](#)

A world-leading geological survey and global geoscience organisation focused on public-good science and research to understand earth and environmental processes.

### Professional Geography and Geology Bodies

[The Royal Geographical Society](#)  
[Geologists Association](#)  
[The Geological Society](#)

## Magazines

### [Geographical](#)

Geographical is the official magazine of the Royal Geographical Society

### [Geology Today](#)

An instructive read for anyone interested in the Earth Sciences.

## Books

The following books might be available in a local library, it is not suggested that you buy them.

Crang, P., Goodwin, M, & Cloke, P. (2014). *Introducing human geographies* (Third ed.) – Routledge

Christophe Bonneuil and Jean-Baptiste Fressoz, *The Shock of the Anthropocene* (London: Verso, 2016).

*Colliding Continents* by Mike Searle

*Earth Story* by Simon Lamb and David Sington

## Online Learning

Find short online courses based on your subject interests on the following platforms. Courses are usually free and can be completed in a few hours a week over a two- or three-week period. You can usually start courses on a date to suit you. These courses are also known as MOOCS (Massive Online Open Courses).
