With experience within a Nursery, you could move into management or training. You can also work in a more specialist role with children who have learning difficulties or in a hospital. You may decide to take your qualifications further and train as a teacher. In the voluntary sector, you could become a project worker, therapist, protection officer or support worker for a charity.

Anything else I should know?

Be well prepared, start your search early, and keep a list of where you have applied to. Practice interviews. Be confident in yourself.

Working with children is regulated and you will have to undergo a DBS (Disclosure and Barring Service) check.

Have a backup plan.
