Where can a career working in Hospitality take me?

Once you have some experience, you could take on more responsibility, supervising and training new staff, or moving into management. As a chef, you could progress to section chef and look after a particular area like desserts. The next step is the sous chef and then head chef (also known as chef de cuisine) when you'll run a kitchen, create menus and manage the budget. You could look to set up your business.

Anything else I should know?

Be well prepared, start your search early, and keep a list of where you have applied to. Practice interviews. Be confident in yourself.

Have a backup plan.
