

Prepare for an Apprenticeship in Information Technology

If you are interested in working in IT via the apprenticeship route you may want to find out more about what you can do to strengthen your application. The following will help with this.

Where can you look for an Apprenticeship?

One of the first things to do is to register with the Government apprenticeship website. This will alert you to IT apprenticeships happening near you. Register [here](#).

Other national apprenticeship websites to register with include:

[Notgoingtouni](#)
[Getmyfirstjob](#)
[RateMyApprenticeship](#)
[Career Finder](#)
[Indeed](#)

You can also register with local Colleges and Training Providers in Wiltshire that cover IT Apprenticeships.

[New College Swindon](#)
[Wiltshire College](#)
[Work Wiltshire](#)

Who offers IT Apprenticeships?

It is also worth approaching any IT or large companies with an IT department that you would like to work for and asking if they are likely to take on apprentices when you are due to leave school.

You can also try companies/organisations such as:

[Leonardo](#)
[South West Water](#)
[IBM](#)
[The Army](#)
[EDF](#)
[Civil Service Careers-Cyber Security L4](#)
[Lloyds Banking Group](#)
[NHS](#)

What should you check for?

What's the Level of apprenticeship?

Level 2 Intermediate, Level 3 Advanced, Level 4/5 Higher or Level 6 Degree

What are the entry requirements?

Will you need GCSE passes? How many? Or A-Levels or BTECs? Are there any grades and subjects needed?

Where is the employer's location?

How will you get there - by walking, bus, train? Will you need to move and find accommodation?

What qualifications will you gain with the apprenticeship?

For example, IT Solutions Technician Level 3

What training provider or college is linked to the apprenticeship?

Where are they based and how will you get there?

What will they be looking for?

Employers will look for:

- Good IT skills and knowledge.
- Ability to think logically.
- Attention to detail, completing tasks well.
- Willingness to learn and train as this will never end with continuous developments in IT.
- Problem-solving skills.
- A good team player and communication skills.
- Self-belief.
- Good time management skills.

How can I demonstrate I have the skills? How do I stand out from the crowd?

You will need an excellent CV to sell you and your skills and strengths.

For an example of a school leavers' CV see [here](#).

Look at industry websites to find out what they are discussing, for example:

[BCS The Chartered Institute of IT](#)

[The Institution of Analysts & Programmers](#)

[Women In Tech](#)

How can I prepare for interviews?

Employers will expect you to have a desire to work in IT and want to learn about it.

For general advice on interviews please watch [this](#) and read these below:

[National Careers Service](#)

[Apprenticeships.gov](#)

[UCAS](#)

Be friendly and polite and remember to smile.

YouTube has lots of clips on the work of apprentices.

Where can a career in IT take you?

When qualified and with experience, you could progress to management roles, start up your own business or move into consultancy

Anything else you should know?

Be well prepared, start your search early, and keep a list of where you have applied to. Practice interviews. Be confident in yourself.

Have a backup plan.
