Further Education, Progression into Independence, Work and Life Courses

Lots of young people continue in education as a Post-16 option, on supported courses. Many colleges offer courses with lots of support in the classrooms but also during breaks and lunchtimes:

Apprenticeships

Apprenticeships are real jobs where you learn, gain experience and get paid. An apprenticeship should give you the skills, knowledge and experience for a chosen career. Apprenticeship vacancies specify entry requirements and any qualities the employer is

looking for. You can search for live vacancies and set up alerts for upcoming apprenticeships opportunities via:

Please also check for local vacancies on college websites, such as [Doncaster College](#) , [Barnsley College](#) , [Rotherham College \(RNN Group\)](#) or [The Sheffield College](#)

The following resource shares some useful information on apprenticeships for people with a learning disability: [MENCAP Factsheet 7 - Apprenticeships with a Learning Disability](#)

Supported Internships

Another option is a supported internship, where you would spend most of your time in the workplace usually for at least 6 months, and you have support from a qualified job coach. You also have a personalised study programme, including the chance to study a relevant qualification, if suitable, and English and Maths to an appropriate level. You need to have an Educational, Health and Care Plan and you may also be eligible for Access to Work Funding: [Access to Work - gov.uk](#)

Traineeships

From 1 August 2023, traineeships are no longer delivered through the national traineeships programme. Traineeships can continue to be offered by providers locally (such as colleges) but they may now be termed 'supported internships' or 'work-based study programmes'.

Another option that might interest you is a traineeship. These are created to meet your needs and prepare you for what employers are looking for. You also get support to improve your English, Maths and digital skills.

To start a traineeship, you'll need to have an Education, Health and Care plan. You should receive support with expenses for travel and meals. You should continue to receive any benefits you currently receive. Traineeships are designed to prepare you to do an apprenticeship.
