Apprenticeships

Apprenticeships are real jobs where you learn, gain experience and get paid. An apprenticeship should give you the skills, knowledge and experience for a chosen career. Apprenticeship vacancies specify entry requirements and any qualities the employer is looking for. You can search for live vacancies and also set up alerts for upcoming apprenticeships opportunities via:

[Find an Apprenticeship.gov.uk](https://www.apprenticeship.gov.uk)

Supported Internships

Another option is a supported internship, where you would spend most of your time in the workplace usually for at least 6 months, and you have support from a qualified job coach. You also have a personalised study programme, including the chance to study a relevant qualification, if suitable, and English and Maths to an appropriate level. You need to have an Educational, Health and Care Plan and you may also be eligible for Access to Work Funding: www.gov.uk/access-to-work

Further information on supported internships can be found via:

<https://nationalcareers.service.gov.uk/careers-advice/career-choices-at-16#supported-internships>

Supported internships are delivered in partnership with Wiltshire College and Wiltshire Employment Support Team. The application window is October until 31 January 2024. You can find out more and apply here:

Traineeships

Another option that might interest you is a traineeship. These are created to meet your needs and prepare you for what employers are looking for. You also get support to improve your English, Maths and digital skills.

To start a traineeship, you'll need to have an Education, Health and Care plan. You should receive support with expenses for travel and meals. You should still continue to receive any benefits you currently receive. Traineeships are designed to prepare you to do an apprenticeship.

Supported Internships are Wiltshire College and the Wiltshire Employment Support Team.
