

FutureSmartCareers

FutureSmart Careers has provided invaluable support for our students to help them make some of the most significant decisions of their life. Support has been wide-ranging, including Oxbridge and Medical application preparation, advice about individual courses and universities and guidance on non-university routes.

There is a sense of purpose and professionalism to their work, which is extremely valuable in helping pupils navigate these highly important years of their education.

Head of Sixth Form, The Oratory School, Berkshire

What students say

Millfield School

I am more confident about making the right choices to succeed in the future

I am more motivated to work hard at school to achieve my goals

I really loved my plan on what I want to pursue in the future

Radley College

I liked how we talked through the whole process from A Levels to jobs

I liked the fact that I gained lots of new knowledge about university and future careers

I have a much clearer view of my future now

King's College, Taunton

She helped me realise I have strengths for a large field of jobs

I liked going through my different skills patterns and explaining the logic behind them. I particularly enjoyed our discussion of different university choices and other courses that I can choose from if I had different A Level choices.

I really liked how inspiring my guidance adviser was, she really helped me
